Thank you very much for your letter of 17 August. I do regret that I had to leave Chicago in so short a time that I could not get out to see your laboratory. However, you may be sure that, on my next visit there, I certainly want to see it because, as you know, we are most interested in the things you are doing.

Thanking you again for your kind invitation, please believe me,

Sincerely,

Signed and dispatched 8/23/48
